THE PESKY MOSQUITO

CONQUERED AT LAST.

Thousands of people will give thanks this summer and be truly grateful to the Kentucky Chemist who has succeeded in perfecting a preparation that will, when applied freely, prevent mosquitos from biting you. This discovery is pleasant to use, contains no poisonous drugs and is perfectly harmless, and is known as Paracamph, First Aid to the Injured. Even should the mosquito get to you before applying Paracamph an application of same will stop the itching and prevent swelling by neutralizing the poison. Mosquito bites often produce malarial and other dangerous fevers, for which reason it is the duty of everyone to protect themselves as far as possible from the bites of these annoying insects. Paracamph is a combination of soothing, cooling oils, which, when applied, penetrates to the seat of the hurt, drawing out all fever, soreness and inflammation through the pores of the skin, for which reason it is unequalled for the relief of Sunburn, Prickly Heat, Chafing. Sore Feet, etc. Don't go through a summer without a bottle of Paracamph in your house. Don't take a trip to the woods, lake or seashore without a bottle of Paracamph in your grip. You can use it a hundred ways to good advantage. Sold only in 25c, 50c and \$1.00 bottles at all good drug stores The Paracamph Company, Louisville.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar aud it quickly cured me. My wife has since used Foley's Honey and Tar with the same success" Penny's Drug Store.

Attorney General Hays has completed the brief for the Commonwealth in the case of Jim Howard, which will be heard in the court of appeals in October. The chief point in the case is the claim made by the prisoner that his constitutional rights were violated at the trial through the observance of that provision of the Kentucky Criminal Code that decisions on challenges nal Code that decisions on challenges to jurors shall not be subjected to exception.

Another Good man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and Son a gray pair of horse mules for he was soon a victim of Bright's disease. No. 75, 150,000 acres of cotton land in Mississipp There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fitly described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing, are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequiated for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled taxes are low, the title is perfect and the man who buys Delta tarm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to \$16 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further pariculars call atour office.
